

PERLICK UNDERCOUNTER ICE MAKERS

Your beverage is only as good as the ice that keeps it cold. Trust Perlick to produce pure ice that lets your cocktail and other beverages shine. Available in clear and cubelet ice styles in standard and ADA heights, Perlick indoor/outdoor undercounter ice makers are a must for any well-appointed entertainment space.

CLEAR ICE MAKERS

Signature

ADA

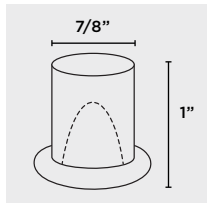

H50IMS	15" Signature Series Clear Ice Maker
H50IMS-AD	15" ADA Compliant Series Clear Ice Maker

ICE SHAPE

Rounded, top hat shape

ICE TYPE

Hard, clear, slow melting ice

ADVANTAGES

This ice maker produces solid cubes, resulting in clear, slow-melting ice that won't dilute your drink as fast as regular ice. The unique shape of each cube isn't just aesthetically pleasing, it also prevents the ice from clumping.

CUBELET ICE MAKERS

Signature

ADA

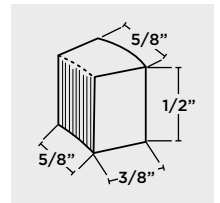

H80CIMS	15" Signature Series Cubelet Ice Maker
H80CIMS-AD	15" ADA Compliant Series Cubelet Ice Maker

ICE SHAPE

Pellet/nugget shape

ICE TYPE

Soft, compacted ice

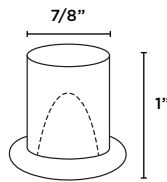

ADVANTAGES

This popular chewable ice absorbs the flavors of the beverages poured over it. It's easy to crunch and is perfect for a wide variety of drinks. Cubelet ice is also great for serving specialty foods like oysters and seafood.
