Perlick's iconic **Tee Tower** design makes a statement in the bar. With a durable design and superior cooling technology, you can be sure every pour will be perfect.

The **Bridge Tee Tower** allows for serving a wide variety of draft beverages without having to install multiple towers.

**KEY PRODUCT FEATURES AND BENEFITS**

- Superior construction with stainless steel exterior ensures the tower is durable
- Pure copper coolant lines and cold block maintain chilled beverage temperature, minimizing foam and lost profits
- Insulated dispensing head and shank bushings minimize sweating to keep your bar clean, cool more efficiently for energy reduction, and reduce warm spots in the tower to give you the perfect pour.
- 304 Stainless steel shanks ensure purity of flavor from keg to tap

**Quick Features:**

- Bridge tee towers available with 8-10, 12, 16, 20, 24 or 30 faucets
- Choice of stainless steel, polished chrome, or tarnish-free brass finish
- Additional faucet configurations available with Standard and Bridge Tee Towers
- NSF listed models available
- Extra tall models available
- Tap handles sold separately
- All towers come standard with Perlick's 630 series forward sealing faucets in 304 stainless steel
- Optional accessory: Beer faucet lock (308-40C) for 630 series faucets
