The industrial aesthetic of the **Brew Pipe Tower** makes a statement in a variety of settings, including both modern and rustic venues. Solid metal construction ensures years of durability, while the superior insulation and cooling technology deliver the perfect pour.

KEY PRODUCT FEATURES AND BENEFITS

- Robust pipes and flanges are durable and offer an industrial feel that makes a statement in the space
- Pure copper coolant lines and cold block maintain chilled beverage temperature, minimizing foam and lost profits
- Insulated dispensing head and shank bushings minimize sweating to keep your bar clean, cool more efficiently for energy reduction, and reduce warm spots in the tower to give you the perfect pour
- 304 stainless steel shanks ensure purity of flavor from keg to tap

Quick Features:

- L-Shape available with 6, 8 or 10 faucets
- Pass-Thru available with 6, 8 or 10 faucets with lines leading left or right and 12,16, or 20 faucets with lines leading both ways
- L-shape available configured for either a left or right facing mount
- Additional faucet configurations available with the T-Shape
- Installation bolt required; kits sold separately
- Faucets and tap handles sold separately
